FARMERS SEEK MORE WATER

Farm Bureau Launches Movement Seeking To Create New District

Initial steps seeking the establishment in the county of a water facilities district were taken Thursday night at the regular meeting of the directors of the County Farm Bureau and Dr. W. A. Rantz was appointed to press the matter to conclusion.

Following the meeting, it was announced that Dr. Rantz will present the matter to the directors of El Dorado Irrigation District and to the directors of the Placerville Fruit Growers Association, requesting their co-operation and support in the matter.

The creation of a water facilities district will make it possible for farmers participating in the district to obtain assistance in various ways from the government to help the development of springs, the building of small dams and of reservoirs for the overnight storage of irrigation water.

Other business of the meeting concerned action taken endorsing House Resolution No. 70, the farmer's refinancing act, and urging its approval and enactment.

The directors chose the drawing submitted by Melvin Marks as the one which will be used on the headings of the center meeting notices for the month of May.

PEACE OFFICERS OF TWO COUNTIES MEET IN CITY MAY 11

Peace officers of Placer and El Dorado Counties, who recently have united in an association, will meet in Placerville May 11th for a continuance of preparatory work looking to the undertaking of study in a peace officers' training course.

The course, it was explained by George Brereton, supervising instructor for the state department of education, at a meeting held at Roseville Thursday night, covers thirty-six weeks and includes instruction in all types of work.

Sheriff George Smith, Chief of Police J. P. Morton and J. W. Caswell attended the Roseville meeting Thursday night. It is hoped that membership in the peace officers' association will prove attractive to all peace officers in El Dorado County.

SOLONS HAVE 2-GAME WINNING STREAK OVER STARS

By UNITED PRESS

Los Angeles added another game—the 11th—to its winning streak today after besting Portland 16-5.

The league leaders pounded three Beaver pitchers for 21 hits including homers by Rip Rollins and Jack Rothrock as Southpaw Ray Prim held the Beavers in check after a shaky first inning.

Sacramento kept on the comeback trail by again beating Hollywood. Homers by Garibaldi and Vezelich and four Hollywood errors helped the Sacs run up a 10-3 score.

Both teams got 12 hits but Seats scattered his so well that Hollywood was blanked for the first seven innings. Brandt and Smith did mound duty for the Stars.

CHANGE FAVORED IN RULE GOVERNING REPORTS IN ADOPTIONS

SACRAMENTO, (UP)—Taking cognizance of objections to alleged "lethargy" by the department of social welfare in making reports on judiciary committee today recommended favorably a bill reducing proposed adoptions, the assembly time allowed for this purpose from 180 to 100 days.

The amendment was initiated by Assemblyman Chester Gannon, D., Sacramento, and was included in a bill by Eleanor Miller, R., Pasadena, to allow the department to waive its investigation in adoptions arranged by societies licensed by the department.

Miss Patricia Wagner, Mrs. Kate Hopkins and Mrs. Oviada Le Bourveau were Lake Tahoe visitors one day this week. They drove over one day, stopping over night at a resort on the southern end of the Lake, and returned to Placerville the following day. They report encountering snow in the higher altitudes.

Lives By A Thread

Mrs. Agnes Gregory (above), of Kansas City, Mo., as a two-year-old baby thirty years ago, accidentally swallowed lye. This year her throat started to close up as a result of the burns and she owes her life to eating a yard of thread a day. It acts as a guide for a series of metal beads which force open her throat so she can eat.

FIRE PERMITS REQUIRED

Federal, State Forestry Officers Call Attention To Ban On Burning

Burning permits will be required for all outside burning after Saturday, April 15.

This was the announcement Friday from the headquarters of El Dorado National Forest and also from the county headquarters of the State Division of Forestry, at Mt. Danaher.

The ban against burning without a permit will continue in effect until December 15.

Permits for burning within the National forest must be obtained from the District Ranger in whose district the burning is done. Outside the national forest boundaries the permits must be obtained from the Rangers of the State Division of Forestry.

Everyone should give the federal whole-hearted cooperation in fire prevention matters, and the issue of state forestry bureaus their aid of permits provides these bureaus with means of checking on necessary brush and grass burning. These permits are also required for blasting.

Persons burning or blasting without the required permits are subject to penalties as provided by various state forest and fire laws.

SEVEN CO-HOSTESSES FOR DESSERT WHIST PARTY ON WEDNESDAY

Seven members of the Shakespeare Club were co-hostesses on Wednesday afternoon of this week at a 1:30 dessert whist party at the clubhouse at which fourteen tables were played. The occasion was one of the series of chain card parties being given by members of the club.

Court whist was the game of the afternoon. The hostesses were Mrs. Annie Wilkinson, Mrs. Louis Veerkamp, Mrs. Sena Purcell, Mrs. Leslie Neilsen, Mrs. Alma Barker, Mrs. Eva Fowler and Mrs. H. P. Brown.

\$1,000,000 OR MORE IS INCOME OF SEVEN IN JAPAN

TOKYO, (UP)—Seven persons in Japan have incomes of more than \$1,000,000 a year.

The exact income of the seven was not given in the finance department statistics which showed that the largest tax-paying group was in the bracket earning about \$400 a year.

The seven persons in the million dollar bracket are from three families, not listed by name but presumably the Mitsui, Mitsubishi and Sumitomo.

Eight families are included in the 15 individuals earning between \$550,000 and \$1,000,000 annually. Thirty-five families cover the 48 individuals in the bracket between \$275,000 and \$550,000.

The group earning between \$325 and \$400 a year is composed of 340,872 persons from 79,593 families.

Income taxes reach into the low incomes in Japan and a person earning \$275 annually is subject to a levy of approximately 10 per cent. There are 40,929 in this group.

REFERENDUM ON PEARS DUE

Growers Who Do Not Get Ballots May Vote At Conservation Offices

With announcement today of tentative approval of a Federal marketing agreement and order, California growers of fresh Bartlett pears, plums and Elberta peaches are awaiting receipt of ballots for voting in the grower referendum.

The referendum is expected to begin April 20, according to E. L. Markell, representative of the Division of Marketing and Marketing Agreements, U. S. Department of Agriculture, at San Francisco.

"It is hoped that every grower of Bartlett pears, plums and Elberta peaches in the State will participate in this referendum," Markell stated. "Ballots are being mailed to all growers of available record. However, growers who do not receive their ballots by mail may vote locally on April 26 and 27, at the offices of their county agricultural conservation associations."

"A two-thirds favorable vote of the growers of each fruit, by number or by volume, is required before an order embodying terms of the agreement can be issued by the U. S. Secretary of Agriculture," he pointed out. The order would make the program applicable to all handlers.

"All growers are urged to attend meetings to be held April 17 to 27 throughout producing areas, during which representatives will be elected to serve on grower commodity committees," he continued. "Provisions of the agreement as tentatively approved will also be explained at these meetings which have been arranged by the Agricultural Extension Service through their county farm advisors."

The agreement is now being submitted to handlers of the three fruits for their signatures, as it must also be signed by handlers of at least 50 per cent of the volume of each kind of fruit.

Based on experiences during 1936 and 1937 under a Federal marketing agreement, the tentatively approved agreement includes revisions in line with evidence presented by the industry at a hearing held in Sacramento February 27 to March 3. If it becomes effective, the program would apply to all areas of the state in which he three fruits are grown.

Major provisions of the program include:

1. Limitation of shipments of any grade or size of fruit;
2. Authority for requiring inspection of all shipments of fruits during periods when shipping regulations are in effect;
3. Regulation of daily shipments by means of allotments to shippers at shipping points, and by limitation of shipments from railroad and cold storage assembly points;
4. Establishment of a clearing house of marketing information concerning these fruits;
5. Authority for regulating unfair trade practices in the packing of Elberta peaches;
6. Establishment of separate committee of 25 members to administer the program;
7. Establishment of separate commodity committees of growers to administer shipping regulation provisions concerning each fruit;
8. Means for financing administration of the program.

KEEN RIVALRY WAS ANTICIPATED, but no one expected that it would come to this, when members of El Dorado Chapter of the Order of DeMolay launched a contest for attendance at their anniversary dinner, to be held Friday night. The stake in the contest is a bean feed and the picture above shows "Hill Billy Pappy" Martin, on the left (George Smith), and "Hill Billy Pappy" Coy, on the right, Elwyn Scheiber, about to start a "food feud" over the pot of beans. BRITAIN MAY ANNUL PACT

Friendship Treaty With Italy May End Unless Duce Gets Out Of Spain

LONDON, (UP)—Great Britain has intimated to Premier Benito Mussolini that it would be compelled to annul the British-Italian friendship treaty unless he starts the withdrawal of his troops, airplanes, and war materials from Spain during the first part of May, it was reported today.

This report came as British newspapers carried dispatches asserting that Germany planned a new diplomatic drive against Lithuania, following up its seizure of the Memel area, and as the government prepared to bring Turkey and perhaps Russia into a gigantic "peace front" against German and Italian expansionism.

KING PROCLAIMS

ROME (UP)—King Victor Emanuel assumed the title of King of Italy and Albania and Emperor of Ethiopia today as the result of a cabinet decree.

ARMY ROLL CALL

BERLIN, (UP)—Newspapers advised reservists of all classes today that a roll call for the army district of Berlin would be held next month and that each reservist must attend. Details will be announced on public bill boards April 25, the newspapers said.

Mother Of Placerville Resident Succumbs

Funeral services will be held Saturday afternoon from the Grant D. Miller chapel, at Oakland, for Mrs. Nellie Waterbury, mother of Gerda Barton, of Placerville.

Mrs. Waterbury, native of Kansas, aged 66 years, passed away at Oakland on Wednesday. One daughter, and four sons survive her in addition to her husband. Interment will be at Mt. View cemetery.

271 ATTEND MOTHER-GIRLS' DINNER AT HIGH SCHOOL

Two hundred and seventy-one mothers and daughters bought tickets to the annual banquet given by the Girls' League of the High School on Thursday, April 13. A good deal of credit should go to Miss Elizabeth Harper, faculty member, who supervised the sale of tickets and to Marie Chaix, Terry Thompson, Barbara Hook, and Helen Brander for the number of tickets they sold. The proceeds from this banquet will be used to send delegates to Conference next year.

The dinner was put on by the foods classes with Beverly Carver as kitchen manager and Elaine Muir, assistant. Helen Moran was general manager of all the arrangements. A four-course meal was served.

During the evening a lovely program was given. Mrs. B. E. Larson gave the "We Thank You" before the guests were seated. After this the welcome was given by Isabel Long, Girls' League President. Between courses Maxine Miller led in community singing. Betty Tidwell sang "Mother Machree," and Isabel Long gave a humorous reading. Janis Ball, Conference President for 1939, spoke on the "Nuggets" that come in the life of the ideal girl.

DeMolay Dinner Friday Night

Rev. Barron Speaker At Public Banquet Noting Thirteenth Anniversary

Preparations are nearing completion for the thirteenth anniversary dinner of El Dorado Chapter, Order of DeMolay, which will be held Friday night at the Masonic hall.

The dinner is the first event of the evening and will be followed by an open meeting of the chapter at which several of the chapter members who have attained their majority will receive degrees.

Upon the conclusion of the chapter meeting, there will be dancing and a social time.

The principal speaker at the dinner will be the Rev. Rex A. Barron, rector of the Church of Our Saviour, it is announced by Kenneth Heffern, master counselor of the chapter.

In connection with the plans for the evening, members of the chapter some weeks ago divided themselves into two teams, the Martins, headed by George Smith, and the Coys, headed by Elwyn Scheiber, for a contest in the sale of tickets to the dinner.

A large number of tickets have been sold and a good attendance is expected. At last reports, the Martins were reported to be well in the lead in the race and were looking forward to a bean feed at the expense of the Coys, as per agreement when the contest began.

Roadside Sign Bill Is Tabled By Committee

SACRAMENTO, (UP)—A bill to restrict and eventually abolish roadside sign boards today lay on the table of the senate committee on governmental efficiency with little chance of being lifted and considered during the session. The committee tabled the measure last night by a 4 to 1 vote after sign company employes and employers had united to oppose it.

271 ATTEND MOTHER-GIRLS' DINNER AT HIGH SCHOOL

Frances Byrnes summarized the talks of Dr. Edna Bailey, guest speaker at the Richardson Springs conference. Mary Jean Newman gave resumes of the talks presented by the conference student speakers: Staking a Claim, Jumping Claims, Gold is Where You Find It, Fool's Gold, and Obstacles. In all of these speeches the parallel situations in life and in mining were brought out.

The girls were honored by the presence of Mr. and Mrs. Abrecht of Marysville. Mr. Abrecht, newly-appointed Conference Director of Northern California, presented Janis Ball with flowers in appreciation of the fine way in which she led the conference this year. Janis then gave to Miss Irene Anderson a gold nugget, thanking her for her personal help in planning this year's conference. The last three numbers on the program were a toe dance by Mildred Morris, a dialogue by Orpha Lee Ham and Rose Koerner, and a skit, directed by Rose Koerner, and enacted by Inez Bongetta, Helen Brander, Irene Moettini, Afton McBride, Orpha Lee Ham, Florence Crosby and Rose Koerner. "Follow the Glean" was sung by the mothers and daughters to bring to a close the very successful evening.

U. S. TO DEFEND PAN-AMERICA

Roosevelt Declares Nation's Opposition To Foreign Aggression

WASHINGTON, (UP)—President Roosevelt today pledged the United States' economic support and "a match 'force to force' if necessary in defending western hemisphere nations against foreign aggression."

He spoke before the governing board of the Pan American union in participation in Pan-American Day. For this occasion the President took the role of spokesman for the west in a bold veto against dictatorial organization of the world.

Mr. Roosevelt indirectly defended the European front developing under French and British diplomatic maneuvers to erect barriers against further German or Italian expansion of the continent. His address bristled with determination to defend this country's institutions and to help western neighbors defend themselves.

But the President said he still was confident the new world could help the old avert disaster.

His words, apparently inviting the plain people of totalitarian states to "break their bonds," were broadcast as he uttered them and were translated for short wave delivery in six languages to every corner of the globe.

WESTERN SLOPE RUN-OFF 40 TO 63 PER CENT OF NORMAL

SAN FRANCISCO, (UP)—California's supply of summer irrigation water will be seriously curtailed this year because of sub-normal snowpack in the Sierra Nevada Mountains, the Federal Bureau of Agriculture engineering predicted today.

On the basis of recently completed snow surveys, the bureau estimated that the runoff for streams west of the Sierra Nevada, which supply the rich Sacramento and San Joaquin Valleys with irrigation, will be only 40 to 63 per cent of normal.

The runoff for streams east of the Sierra Nevada will be 30 to 47 per cent, the bureau said.

STATE BUDGET CUTS HALTED

Administration Defeats Assembly Economy Bloc On Two Amendments

By JOHN W. DUNLAP
United Press Staff Correspondent
SACRAMENTO, (UP)—Compromise between warring budget factions in the state assembly appeared certain today as administration forces abruptly halted a series of drastic cuts in Gov. Culbert Olson's \$557,000,000 budget.

Olson's floor leaders finally whipped enough insurgent democrats in line to win two test votes. If the Republicans fail to regain their lost ground today, a speedy passage of the entire budget is not unlikely, shifting the battle to the senate.

A bi-partisan coalition cracked open when Olson's floor leaders mustered a 39 to 36 vote turning down an amendment to remove a \$1,750,000 item for construction of a new state building in Sacramento. Heatedly, the democrats pushed for a vote refusing to slash \$106,971 from the transportation rate division of the railroad commission and won by a single vote—37 to 36.

Republican notice of reconsideration on the two bills today was not considered important as action of Bourbon leader Ben Rosenthal, Los Angeles democrat, in reserving the right to reconsider the 12 amendments forced into the budget by the economy bloc. If the democrats can restore those cuts—particularly putting a \$73,000,000 relief item back in the budget—the Governor will have achieved a remarkable comeback.

The Republican-controlled senate is certain to make many budget changes and a conference between assembly and senate majorities to thresh out a compromise will follow. The economy bloc members, while admitting disappointment in losing the upper hand, claimed their strength eventually would chop the budget by many millions of dollars.

FOUR INQUESTS HELD THURSDAY NIGHT AT COURT HOUSE

Four inquests were conducted on Thursday night at the courthouse by Coroner A. J. Orelli. Verdicts in two of the cases were that the deaths were due to suicide. In the two other deaths, the finding was that death was accidental.

This latter finding was returned in the inquiry into the deaths of Garrett Lowell and Winston Kindopp, killed in a plane crash a week ago in the American River canyon near the suspension bridge between Auburn and Cool.

The finding of suicide was returned in the inquiry into the death of Kenneth Cyril Juster, Jr., who shot himself with a shotgun a week ago last night, and in the case of Jay Emory French, who slashed his throat with a razor at Cock Robin Point several weeks ago.

Mr. and Mrs. Hamilton Go To Chicago

Mr. and Mrs. Don Hamilton stopped over Thursday night with the former's parents, Mr. and Mrs. Ernest Hamilton, of Camino, and continued on Friday on their journey to Chicago, where Mr. Hamilton will make his business headquarters.

Mr. Hamilton has recently been appointed representative for the Loma Linda Foods Company, of Glendale, in seven middle-western states, and will reside in Chicago.

Prior to receiving the Chicago appointment, he was employed with the food company at Glendale. Their brief stop-over en route east was the occasion for an informal social gathering Thursday night at the home of Mr. Hamilton's parents.

"NO WAR THIS SPRING," SAYS BABSON; MARKET BETTER

LAKEHURST, N. J., (UP)—Roger W. Babson, economist, predicted "There will be no war this spring, probably not this year."

"The present activities are due to active propaganda and I can not say but what it may lead to involvement in war in the future," he added.

He said the stock market was picking up and "will shortly be back to the level of a year ago."

Sports Parade

By HENRY McLEMORE

SOMERSET, Vt., (P)—The whole tragic affair started when my host in his hard riding, fox chasing, pink coat country suggested that I go out and jump some of his horses. "I never jumped that high in my life," I said. "Of course, if they are little horses I might clear them with a good running start."

My host chuckled through the curly comb with which he was stroking his beard and said:

"My dear fellow, I don't mean for you to jump over the horses, but to jump with them in a cross country ride. You have jumped, of course?"

I jumped when he said this, and he nodded his head approvingly, interpreting my jump of alarm as one of anticipation.

"We'll be up early in the morning and give my hunters a really brisk workout," he said.

I spent a frightful night. All I could think of was the then Prince of Wales cracking his royal shins trying to get over the fence on a horse.

When I would shake the Prince from my memory, I would think of the equestrian teams in the last Olympic games being scattered all over the countryside. And these men, I remembered, were expert horsemen, chosen for their ability to ride a horse over anything. And here was I, a man never on anything more spirited than a bar stool, pledged to jump a jumper.

I really needn't have worried, because it was so much worse than I could have dreamed it could be. If I had just continued to ride my nightmare and had just never gone out, booted and spurred, to be lifted on the biggest, least understanding horse in all the world, I would not be in the shape I am now.

I am telling the truth when I tell you that the jumper assigned me is the biggest horse ever born.

Phar Lap would scarcely have reached his fetlocks, and I wished I had never reached his saddle. He had scarcely gone one hundred yards before I was thoroughly sea sick from his rocking motion and as we approached the first fence, I was working on my third Mother Sills tablet.

As this unmanageable beast decided to clear the fence I realized how the Wright Brothers must have felt when they took their first airplane ride at Kitty Hawk. As he

A radio play will be presented again tonight at 6 o'clock for KSFO listeners and at the same hour there will be a plantation party broadcast from station KGO. The seven o'clock hour brings Grand Central Station to KSFO, followed by "Believe It or Not" with Bob Ripley.

KPOers will have Guy Lombardo's orchestra at seven o'clock and Jimmie Fidler at 7:45. A Pan-American concert is billed for the first half of the hour on KGO.

Amos and Andy and Lum and Abner take up the first half hour after eight o'clock on KSFO and are followed at 8:30 by Burns and Allen.

Nine o'clock, the first nighter program on KSFO, and on KPO a circus at nine o'clock followed by Good Morning Tonia.

soared in the rarified atmosphere I peered down at the landscape. Cars looked like ants as they crawled along the road. Rivers and streams were just thin, silver ribbons. Before a steward could warn me to fasten my life belt, we made a five-point landing—the horse on his four feet, and I in one great blubberous heap.

To my dismay my horse didn't run away, but waited for me to get back on him. Taking him in easy stages and using my Alpine stock freely, I finally reached his crest. We continued on—and off—through the woods. We tackled and almost cleared a ditch that only needed a few locks to challenge the Panama Canal in size and offer the Virginia fleet a short cut to Kentucky.

Finally, having exhausted all the cross country (and they are definitely making an understatement when they simply call it cross) we arrived home, where my horse helped me off by running wide open into the barn and brushing me off on the door.

As kind and unseen hands lifted me into an ambulance through a haze I heard my host, Frederick John Alastair Cameron, crying in anguish: "What has this man done to my horse?"

"WINGS OF NAVY" NINTH SERVICE FILM BY WARNER BROTHERS

"Every girl loves a uniform." Everybody has heard that.

The head men at the Warner Bros. studio had heard it all their lives.

But these head men happen to be shrewd students of popular psychology.

Five or six years ago they thought it over carefully and concluded that every young man loves a uniform also. They found that the older women and men liked them, as well.

This discovery led to a sequence of romantic action stories which fitted their central characters into the various arms of the American military service. The studio was rewarded for putting them there by one of the most profitable series of films which have ever been turned out.

To date there have been eight of these Warner "service" films. Each has presented some branch of Navy, Marine Corps or Army life. Each sought earnestly for vividness and authenticity, and each relied on a good story, and a pretty heroine to make a love interest seem plausible.

The Warner Bros. Studio has just released a ninth film which the patriotic service with the flash of love and adventure. This one is "Wings of the Navy," a Warner Bros.-Cosmopolitan production, which closes tonight at the Empire Theatre with John Payne, George Brent and Olivia de Havilland.

WEEK-END EMPIRE PROGRAM BRINGS GANG TALE AND JACK BENNY

"Buck" Benny rides again! America's undisputed peer of comedy, Jack Benny, returns to the screen, after almost a year's absence, in a new kind of screen musical comedy and the most lavish production of his career. It is "Artists and Models Abroad," which Paramount will present to local fans Sunday and Monday at the Empire Theatre.

A gangster screen story written and produced as such stories should be—never glorifying the desperadoes who prey upon defenseless business men, never extolling law and order to the point of detracting from the swift, breath-taking action—Columbia's "Crime Takes a Holiday," is the Saturday feature. Jack Holt is starred in the film, as a fighting district attorney forced to desperate measures in order to rid his city of gangland terror.

"Painted Desert," George O'Brien action picture, with the first episode of the 15 chapter Republic serial, "The Lone Ranger Rides Again," completes the Saturday bill.

SHINGLE SPRINGS

The dance at Latrobe last Saturday night was attended by several from Shingle and all report that there was not such a large crowd, but all had a good time.

Mrs. Ernest Erwin from Latrobe came up Sunday with a load of young folks to attend Sunday school here.

Mr. and Mrs. Fred Carpenter were callers at the Miller home Sunday afternoon.

It is with most sincere regret that we report the sudden death of our dear friend, Ralph Sutton, and to all his family we wish to extend our deepest sympathy. He was a kind and good neighbor and will be missed by all who knew him.

Several from here attended the sunrise services in Placerville and also the Easter egg hunt in Folsom Sunday. Both were enjoyed by all. The dancing class at Folsom put on their usual dances and all did very good work.

OMO RANCH

James Drake was at the county seat Saturday afternoon on business.

Ed Hardy came up from Placerville to bring Mr. and Mrs. J. C. O'Neill home. Mr. O'Neill has been in a Placerville hospital all winter and Mrs. O'Neill had been visiting Mrs. Cliff Swesey and Mrs. Walter Brown for a few days. Mr. Hardy went to work at the saw mill Wednesday.

Lou Bacon, Raleigh Bush and father, all of Oakland, spent the weekend at the Mountain Quail mine.

Mrs. A. D. Blue, who has been in Oakland for the past month caring for her mother, returned home Saturday.

Mr. and Mrs. James Drake celebrated their thirteenth wedding anniversary last Friday. Several of their friends surprised them in the evening. Music and dancing helped to pass the evening very pleasantly. Those gathered to wish the thirteen year bride and groom many more anniversaries were: Paul Montiehl, Ed. Hardy, Mr. and Mrs. A. D. Blue and Mr. and Mrs. J. C. O'Neill.

SUMMIT NOTES

The Summit Farm Center held its meeting on Thursday, April 6, with a very good attendance. There were several interesting talks, including one by J. A. Irving. It was decided that the name of the Center be changed to South Side Farm Center. After the meeting was adjourned, a group of Dramatic Club members from the Aukum district presented a number of delightful musical selections—some of them comic, and all were very cleverly done. The whole show was received enthusiastically by an admiring audience, and we hope to have some more of their talent again soon on our program. After the entertainment was over sandwiches, cake and coffee were served.

The Dramatic Club held a rehearsal on Monday night for the purpose of practicing the two plays that are to be presented at the Rescue Farm Center meeting on the evening of April 14. They are entitled, "A Husband for Huldah," and "The Man from Nowhere." The club will also rehearse on Thursday night. We sincerely hope there will be a good showing from this district at the Rescue meeting, so let's all make an effort to be there.

Last Friday the children of the Summit school had an Easter egg

hunt. Each child brought six eggs, and some of the mothers and older pupils hid them on the playground—when all eggs were found they were divided equally and each youngster went home happy.

All of the great outdoors is clothed in Easter finery, and we need only to glance at the wild flowers and the trees, to know that Spring is really here.

Placerville, Take Notice

The fight for a State road in District No. 2, still goes on, and that district will continue to fight until there is one there. The merchants and business men of Placerville would gain in their own trade by backing the people of this district to have a road as proposed—namely from Plymouth via Aukum and Youngs, to Placerville. Owing to the large mileage of this district it will be some time before the Supervisor could complete a decent road over this route, and keep the other roads in good repair as well. A very large majority of the people in the south end of the district trade elsewhere, owing to road conditions.

At the last meeting of the Pleasant Valley Grange No. 675, the members decided to form an Association of Farmers-Wood dealers after the pattern of the Wooden Box Association. The fire wood industry of El Dorado County is quite

a concern in itself, as the farmers hire many woodcutters when other work is scarce during the winter months, and this helps many people through the slack season.

We ask the people of the county to consider our standpoint and bear in mind—This business helps the unemployment situation. Also the firewood payroll is practically all spent in the local places of business, thereby is a help to the local merchants, so "Remember to think firewood" and help the firewood industry.

GARDEN VALLEY

The regular whist party of April 7th was a success. Those taking home prizes were: W. F. Galleher, Bud Davenport, Reggie Davenport, Leah Schlein, M. Stoltzfus, Irma Lawyer, E. G. Cheek, Evelyn Smith, W. Fisher. Consolation Jean Gilmet and Bob Flynn.

Mr. and Mrs. John Rolfe, and son, Robert, and Mr. and Mrs. Howard McNabb, and two boys, Kerth and Melvin, spent Easter Sunday in Otter creek country on a picnic. The spring flowers are just coming out and the trip was surely enjoyed by all.

"Aunt Tillie goes to town," a 3-act comedy farce, will be presented on April 28th in Garden Valley Community Hall at 8 o'clock. The cast of characters are as follows:

Mervin Tuckes, full of trouble, Ralph Adams; Aunt Tillie, staid old maid, Lillian French; Lucinda, maid hunting for a man, Rashall Moscow; Lizzie, author, knows everything, Della Weller; Parnela, niece of Aunt Tillie and in love with Mervin, Victorice Hough; Ellen, hunting Mervin Tuckes, Maybell Timm; Ronald, Mervin's friend, Ira Cushman; Mr. Mortimer, Ronald's employer, Bill Kelley; Charley One-Lung, cook looking for work, Romer Davenport; Mrs. Tillie Tuckes, Mervin's aunt, Leah Schlein; Dr. Bing, without a soul, Daisy Rolfe; Director, Guy Davenport, Jr. In charge of costumes, Peggie Davenport.

Republican Class Ads Always Pay.

RICHFIELD MAPS CAMPAIGN IN 230 WESTERN NEWSPAPERS

According to an announcement made by W. T. Dinkins, vice president and general sales manager for the Richfield Oil Corporation, his company will enter upon one of the largest newspaper campaigns in Richfield history.

Two hundred and thirty western newspapers will be used to tell the public of the eleven western states the new Hi-Octane story. Large dominating advertisements, many in color, will be released approximately April 22.

According to Mr. Kinkins, newspaper advertisements will be used as the backbone of the campaign.

It is understood that this campaign will announce the introduction of a new motor fuel. Although no official statement has been made in regard to the character of the new product, it is believed that the company is prepared to offer the motoring public a new, more powerful gasoline which is entirely new to the petroleum business. It is understood that the construction of the new Richfield refinery has made this new development in gasoline possible.

Farm Debt Bills Given Senate Approvals

SACRAMENTO, AP—A series of bills to aid farm debtors was approved by the senate and sent to the assembly today.

The measure would abolish deficiency judgments except where foreclosure is carried out through the courts, outlaw contracts that contain waivers of immunity under the state or federal law, set a 90-day period between default of payment or mortgages and foreclosure and require notice of foreclosure in all cases.

Paul Establishes Churches

HIGHLIGHTS OF THE SUNDAY SCHOOL LESSON 4-15

(The International Uniform Lesson on the above topic for April 16 is Acts 14, the Golden Text being 1 Corinthians 3:10, "As a wise master builder, I have laid the foundations and another buildeth thereon.")

By NEWMAN CAMPBELL
PAUL WAS the original missionary and the first to establish churches in the early days of the Christian church. He must have been a very active, courageous and aggressive type of man, for he whole-heartedly persecuted the Christians until he had the vision of the Lord asking why he was persecuting Him. Converted, Paul espoused the cause of Christianity and worked for it as earnestly as he had before tried to destroy it.

We see him going about to different cities, preaching and converting wherever he went. In Iconium, a city of importance, he spoke in the synagogue to Jews and Gentiles. Many were persuaded by his words, but those who were not, planned to put him to death by stoning. But Peter and his companion, Barnabas, learned of this and left the city, going to Lystra and Derbe.

In Lystra, Paul performed a miracle that made a great impression. A man, crippled since birth, came to hear Paul preach. Paul looked steadfastly at him, and then said, "Stand upright on thy feet." The man leaped up and walked.

When the people saw this miracle, they said, in their speech of country, "The gods are come down to us in the likeness of men." They called Barnabas, Jupiter, and Paul, Mercurius, because Paul was the chief speaker. They also brought oxen and garlands, and would have made sacrifice before the disciples, but Barnabas forbade them, saying, "Sirs, why do ye these things? We also are men of like passions with you, and preach unto you that ye should turn from these vanities unto the living God."

But even after this, enemies stoned Paul until he was unconscious, when, thinking he was

dead, they left him. The disciples surrounded him, however, and he recovered and was able to go with Barnabas to Derbe.

In Derbe they preached the Gospel, confirmed many people, and returned to Lystra, then to Iconium and Antioch, organizing churches, ordaining elders, cheering them to continue the work even in the face of tribulation and persecution. After other wanderings to Pisidia, Pamphylia, Perga and Attalia, they sailed to Antioch, where they reviewed their work and all that had happened to them.

Paul called this work of establishing churches "building." "According to the grace of God," he says, "which is given unto me as a wise master builder, I have laid the foundation, and another buildeth thereon. But let every man take heed how he buildeth thereupon. For other foundation can no man lay than that is laid, which is Jesus Christ."

Now we go back to the Old Testament, to a very different type of missionary—Jonah, the man who was cast out of a ship because the sailors thought he was the cause of the great storm that they were encountering, and who was swallowed by a whale—or some great fish. He had disobeyed God, who had told him to go to Nineveh. After three days he was thrown out of the fish and onto shore. The voice of the Lord then again told Jonah to go to Nineveh, where the people were very wicked. Jonah rose up and went to Nineveh and told the people there that because of their wickedness God was going to destroy their city within forty days.

They repented of their wickedness, and all of them, from the king to the lowest person, wore sackcloth and sat in ashes. God was so moved at their repentance that He decided not to ruin the city. Now, Jonah, who should have been glad that the people of Nineveh were sorry for their sins and were spared the awful fate, was angry about it. So he went out of the city, and sat down on the outskirts and sulked, and told the Lord that He should take his life. Jonah was pacified, however, and Nineveh was saved.
